GLENWOOD, KY.

### NEWS OF GENERAL INTEREST FROM THE WORLD AT LARGE.

#### THURSDAY.

Chancellor von Bethmann-Hollweg said last night that until he had the facts in the sinking of the Arabic he could make no definite statement. If the commander went beyond his instructions, he said, the "Imperial Government would not hesitate to give complete satisfaction to the United States."

Both Berlin and Vienna report steady progress in the investment of Brest-Litovsk, the great Russian fortress which was to form the strongest link in the Muscovites new line of defense. Official statements issued in both capitals assert that the Russian forces southwest of the stronghold have been forced back upon the girdle of forts.

Northwest of Viadoma the Germans are driving the retreating Russians further into the dreaded Pripiet River marshes to the east of Brest-Litovsk. Cavalry is said to be advancing along the road which leads from Kovel through the swamps to Kobrin. Military experts believe this may be a movement to get in the rear of the fortress and thus encircle it.

Activities in the Italian war theater are confined chiefly to artillery engagements, with now and then an infantry assault at isolated points.

Everett Webster and Jerry Clark, indicted in Ohio county on "possum hunting" charges, pleaded guilty at Hartford and were given penitentiary sentences. Bird Lee, similarly indicted, was placed on trial. Reuben Howard and his wife, alleged victims of the regulators, testified to having been whipped.

The Government's course in its relation with Germany, was attacked yesterday in an address by Theodore Roosevelt before the business men's camp at Pittsburgh.

Dr. John Wesley Hill, president of the International Peace Forum, says that a "supreme court of the world" is needed, but not immediate disarmament.

The Hon. A. O. Stanley thinks the National Guard in the various States should be increased rather than that the nation maintain a big standing army.

Albert Freeman, associated with Indian Hawthorne in the promotion of alleged worthless mines, has been granted a new trial.

Exports of war munitions to Europe are increasing daily, about one-fourth

of those for a year having been sent during last June.

The Governors in session at Boston witnessed maneuvers of ten dreadnoughts and a mock battle with a destroyer flotilla.

The Rev. Edmund Kayser, a Lutheran minister in Gary, Ind., was shot to death in his home after receiving anonymous letters.

#### FRIDAY.

Developments in the relations between the United States and Germany yesterday foreshadowed a declaration from Berlin on the subject of submarine warfare which it was believed in Washington would eliminate that source of discord between the two countries. Von Bernstorff called on Secretary Lansing and informed him that Berlin dispatches were intended to imply that German submarine commanders had been ordered to attack no more merchantmen without warning. Ambassador Gerard reported the substance of a conference with Foreign Minister von Jagow, but the department did not make public the dispatch.

Brest-Litovsk, the main Russian fortress and concentration center for the Bug River line of defenses, was occupied by the Austro-German forces. The Germans are now in possession of the whole line of railway from Chelm to Bialystok. Austrian cavalry has pushed eastward from Kovel and divided the Russian forces into two groups, which are now unable to co-operate with each other, according to Austrian wires.

Sixty-two French aeroplanes flew over the iron works and ammunition factories near Saarbrücken, Prussia, dropping 150 bombs. The German report says that four of the airships were brought down.

The Admiralty reports the sinking of a German submarine by an aeroplane near Ostend, and significantly refers to others that had shared the same fate whose sinking had not been reported. It is stated that between 20 and 40 submarines have recently been sunk.

Secretary of War Garrison sent a reprimand to Maj. Gen. Leonard Wood at the citizen-soldier camp at Plattsburg, N. Y., for suffering Theodore Roosevelt to make a speech at the camp attacking the Administration for its military policies.

"Bud" Gibson, indicted with Thomas Taggart, Mayor Joseph E. Bell, Chief of Police Samuel V. Perrott and 100 others at Indianapolis for alleged election conspiracy, pleaded guilty and was remanded to jail.

Maurice L. Galvin, collector of internal revenue at Covington, was chosen chairman of the Republican

Another flood in the Arkansas river is reported as on its way.

#### SATURDAY.

Although Ambassador Bernstorff announced yesterday officially that the German Government was ready to offer full satisfaction for the loss of the Arabic, if the submarine commander had exceeded his instructions, President Wilson and Secretary Lansing are awaiting more definite action before considering the crisis over.

Gen. Polivanoff, Russian Minister of War, announces that Russia is raising another two million men, and that the fate of the campaign will not be decided before some time next year. The Russian fortress of Olita, on the Niemen River, has been evacuated and the Germans are in full possession of the Brest-Litovsk line. Grodno is now the only strongly defended position left the Russians. It is expected that reinforcement will now go to the aid of Von Hindenburg in his attempt to cut off the retreat of the Russians.

The Reichstag adjourned after an agreement to inscribe "To the German People" over the entrance to the building, which inscription had been successfully opposed for twenty years.

Mrs. Hamlin, widow of H. V. Hamlin, who has been indicted in Breathitt county charged with having been an accessory before the fact in the death of Mrs. Polly Davis, a wealthy woman; also jointly indicted with another person upon the charge of having forced a will of Mrs. Davis, of which she is named trustee, declares her entire innocence of either charge, and will have a hearing Monday upon a motion for bail.

The Colorado mine operators, controlled by John D. Rockefeller, and his son, John D. Rockefeller, Jr., are held to blame for the industrial unrest in a report on the Colorado coal strike situation issued yesterday by the Industrial Relations Commission.

Kentucky again ranked third among the States in internal revenue collections, according to the preliminary report of the Commissioner of Internal Revenue. The total for the State was \$33,653,848.

The Rt. Rev. P. R. Heppson, bishop of the Winona, Wis., diocese of the Roman Catholic Church, shot by a crazed priest yesterday, is believed to have a good chance for recovery.

Eph Reisinger pleaded guilty to so-called "possum hunting" charges in the Ohio county Circuit Court at Hartford and was sentenced to five years in the penitentiary.

An appeal for aid for the thousands of flood sufferers in Arkansas has been sent.

#### SUNDAY.

Count von Bernstorff, German Ambassador, left Washington yesterday after his conference with Secretary Lansing on the Arabic disaster. He expressed the belief that he would soon be authorized to reopen informal discussions so that Germany can frame a note entirely satisfactory to the United States. Imperial Chancellor von Bethmann-Hollweg and Minister of Marine von Tirpitz are at the eastern front to confer with Emperor William on the Arabic case and the question of submarine warfare generally, according to Berlin dispatches.

Six aviators attempted an attack on Paris, but were driven off with the loss of one machine, while aeroplanes of the Allies threw bombs on Ostend, Middelkerke and Bruges.

While little change is noted in the Dardanelles, it has developed that the losses to the Allies in the recent landing were extremely heavy, being estimated at 5,000.

Mass meetings held in Louisville and throughout the State yesterday to name delegates to the Democratic platform convention were almost without exception harmonious. This was particularly so in Louisville.

The trade balance in favor of the United States for the first seven months of the year is almost \$1,000,000,000, according to a Department of Commerce report.

Frank L. Polk, of New York, has been chosen counselor of the State Department to fill the place made vacant by the elevation of Robert Lansing.

A general strike of clothing workers that will involve 200,000 employees was considered last night at a meeting of union officials in Baltimore.

The second large shipment this month of gold and securities from London to New York reached the country yesterday.

Officials of Ohio county have the details of an alleged "possum hunter" lodge meeting held in a barn the night of June 10.

A full garrison of twenty-eight companies will man the Panama Canal defenses, it was announced yesterday.

Captains of three sugar lighters have been arrested in New York following the alleged wholesale thefts of sugar.

#### MONDAY.

President Wilson has decided definitely to remain in Washington until the situation between the United States and Germany is cleared up. It was stated that the President is waiting for a formal disavowal of the attack on the Arabic and assurance that the lives of Americans traveling on an unarmed merchant vessel will not be endangered again.

The Germans thus far have made no move toward a great offensive in the west. It is being vaguely hinted that the long delayed "big push" the Allies in France will begin in October.

Replying to criticisms of the Government to give

### CATARRH CAN NEVER WITHSTAND THIS TREATMENT.

Louisville, Ky.—"I was run down and weighed 87 pounds when I should have weighed 130. I was a nervous wreck. Had catarrh all through the system and was bloodless as far as color is concerned. I was down in bed and getting weaker. I hardly thought I would live. I began using Dr. Pierce's Golden Medical Discovery and after using it for about a week I got out of bed and began to gain. My breath became less offensive, my appetite came back and I gained in weight. The use of four bottles restored my health, gave me a weight of 136 pounds, and I have been well since. It is a wonderful remedy and I tell everyone so."—Mrs. J. M. BEAL, 2522 Bank St.

The prompt action of Dr. Pierce's Golden Medical Discovery in driving harmful germs and impurities from the blood, sets in motion the repair process which works actively on the diseased membrane where Catarrh flourishes unchecked.

Thus by building up a new and perfect covering and carrying out of the system the catarrh-infected matter by way of the blood, liver and kidneys, catarrh is overcome and permanently conquered.

Don't be deceived in regard to catarrh; proper local applications help of course, but no catarrh sufferer can hope for permanent freedom from this stubborn disease until all impure matter in the blood is carried away.

All dealers in medicines can supply Dr. Pierce's Golden Medical Discovery, or send 50 cents in stamps to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for trial box of tablets also ask for free book on catarrh.

Zeppelin airship raids on England, Arthur J. Ralston, First Lord of the Admiralty, said such news would be of great advantage to the Germans, and that so far air raids had not resulted in any military advantage to the enemy, though 220 civilians had been killed.

Explosions occurred in powder mills at Wilmington, Del., and Acton, Mass., yesterday. In the du Pont explosion at Wilmington two men were killed and two black powder mills were destroyed. At Acton the glazing mill of the American Powder Company was wrecked, but there was no loss of life. Causes of the explosions are unknown.

Three two-story buildings with the merchandise they housed were completely destroyed by fire at Midway, Ky., Sunday morning. The loss is estimated at between \$75,000 and \$100,000, with insurance on \$42,000 to \$45,000 worth of the property.

Arriving in New York on a special steel train, well guarded, from Halifax, N. S., nearly \$20,000,000 in gold and about \$25,000,000 in securities consigned to the banking house of J. P. Morgan & Co. were deposited for the account of the British Government.

Another general strike is threatened at the Bridgeford, Conn. plant of the Remington Arms and Ammunition Company. Polishers of bayonets and gun barrels are demanding increased wages and have the support of labor leaders.

Funeral services for the wife and daughters of Gen. J. J. Pershing, recently burned to death, were held yesterday in San Francisco, and the burial will take place at Cheyenne, Wyoming.

More than 5,000 persons are homeless in the flooded district of Arkansas and many who are marooned in their homes have had only a scant supply of food for from four to six days.

Postmaster General Burleson announced yesterday that he expected to give the same rural delivery service in the next fiscal year as in this at a saving of \$4,000,000.

#### TUESDAY.

Press dispatches from Berlin saying Germany had decided upon a policy in connection with the sinking of the Arabic in accord with the recent statement of the Imperial Chancellor were noted with satisfaction in Washington. This implies repudiation for the loss of Americans on the Arabic, and assurances that like incidents will not occur in the future.

Assurances that Great Britain will

### STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Thedford's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used."

After taking Black-Draught for a few days, I always feel like a new man. Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and digestion.

To get quick and permanent relief from these ailments, you should take Thedford's Black-Draught.

Its splendid success, in these troubles, proves Thedford's Black-Draught, gentle in action, after-effects, it is sure and old. For sale everywhere. Price 25c. N. C. 12.

relax the enforcement of her Order in-Council so as to permit shippers from neutral ports of German and Austrian goods contracted for by Americans, prior to the effective date of order were given the State Department by the British Ambassador. The strike of South Wales coal miners continues. A conference between British Cabinet Ministers and the leaders of the miners' union, looking to a settlement of the strike, has been held, but its result has not been announced.

Good roads work planned by Kentucky counties and announced last night includes a road rally to be held in Logan county to-morrow, and at which over 5,000 persons are expected to be present to hear speeches by Gov. McCreary, Senator James and other prominent men, and a day of road work to be performed by voluntary labor on the highways of Christian-county.

Evidence of fraud in the August primary in Pike county, which included the substitution of newspapers for ballots in one of the precinct, ballot boxes, was uncovered yesterday in the opening day's session of the Coleman-Taylor contest for the Republican nomination for Circuit Court Clerk, being heard at Pikeville.

Declaring that New York had been governed by bosses for forty years and that the "invisible government" was more powerful than the people, Elihu Root, addressing the constitutional convention yesterday, advocated that short ballot as the best means of restoring power to the people.

W. A. Byron, of Bracken county, probably will be selected temporary chairman of the Democratic platform convention to be held in Louisville to-day, and H. H. Cherry, of Bowling Green, permanent chairman.

In spite of the arrival of \$20,000,000 in gold and about \$25,000,000 in securities for the British account the price of pounds sterling reached a new low level yesterday, demand exchange selling in New York at \$4.61.

Over twenty Mexicans were arrested yesterday at San Antonio, Tex., the chief of police declaring that there by an uprising of Mexicans in that city had been frustrated.

Witnesses for the State were heard yesterday in the motion for bail on Jackson, Ky., by Mrs. Mamie Hanström, who has been indicted as accessory to the death of "Aunt Polly" Davis.

Joe Deberry, the negro who murdered his benefactress, Mrs. J. H. May, was indicted, pleaded guilty, and sentenced to be hanged yesterday at Joliet, Ill.

A large foundry at Granite City, which has been idle for two years, started up yesterday, giving employment to 1,200 men.

#### PROPOSED LEGISLATION FOR SCHOOLS DISCUSSED

Prominent educators and business men from all sections of Kentucky were present yesterday at a primary conference at the Chamber of Commerce for the purpose of discussing proposed legislation designed to make radical changes in the administration of the schools of the State. The conference, called by John B. For the chairman of the club's co-operative committee, and W. W. T. a subcommittee of the State Board of Education, lasted all day, and in a decision to hold annual conference at the call of Mr. For.

It was explained that legislation desired to make possible election of school officers, and that changes can be effected. Those who attended the meeting spoke of the desirability of having the State Superintendent of Public Instruction and State Commissioner of Agriculture continued in office instead of serving but one term; also of increasing the State Board of Education from eleven members, and in addition revising the county system with reference to the manner in which member county boards of education and county superintendents take office.

Legal phases of these matters were discussed by those present, including Mr. McFerran, Mr. Thum, John Atherton, James Speed and John Scott of Louisville, and H. H. Chapman of Lexington. State School Boarding Green; Judge J. S. Barker, president of State University; Dr. Fred Mutchler, of Lexington; T. W. Vinson, president of the Kentucky Educational Association; McHenry Rhoades, of Lexington, Supervisor of High Schools; P. T. Coates, State Supervisor of Schools, and others.—Courier-Journal.

#### MADGE.

At the request of the Pleasant we, the undersigned have adopted following resolutions concerning recent singing school taught by A. Belcher.

Resolved, That we believe the singing school proved satisfactory to everybody. That we think Mr. Belcher well fitted for the position of singing school teacher. That we believe his duty as teacher, and as a wise christian man, that if all dissent it was the fault of the personal selves. That we, the committee, may school thank him very much for his services and hope if we are singing school in the future may be fortunate enough to secure him as instructor.

## IN MEMORY.

The death angel visited the home of David Hughes and called for its victim his son, Bert, aged 22 years, 9 months and 21 days. He was confined to his room for a few months with that dreadful disease tuberculosis, but God in his wisdom saw fit to call Bert home where sickness nor pain is no more. All was done that loving hands could do but earthly help was unavailing. He bore his suffering patiently. He told his father although his suffering was great, here on earth he would soon be at rest.

We know, dear parents, it was hard to part with him, but how soothing are these words "Thou shalt be at rest."

Bert can not come back to you but you can go to him, prepare to meet him around God's throne where he has joined his precious mother and sister, who have preceded him to the great beyond.

Why do we mourn departing friends? On "lake at death's alarm?"

"Thou shalt be at rest" that Jesus sends To call them to his arms.

## A FRIEND.

## WATER TANK AND PUMPING STATION, KENTUCKY STATE FOREST NURSERY, LOUISVILLE, KENTUCKY

## FOREST EXTENSION, STATE NURSERIES

Demand For Material at State Nurseries Shows That Kentucky People Are Beginning to Plant Trees As Well As Cut Them Down

Frankfort, Ky.—(Special)—It is patent to those individuals who have made a study of the matter that there are certain areas of Kentucky which are more valuable for the production of forests than for agriculture or pasture. In fact, there are certain areas which never will produce anything except timber crops. In order to encourage the planting of these areas to timber, and also encourage the planting of timber or worn out lands for regenerative purposes and to prevent erosion, the State Board of Forestry, early in its work, provided for two nurseries—one at Louisville (which is the larger) and one at Frankfort, which is hardly a year old at the present time. The nursery at Louisville was started early in the fall of 1912, and has been gradually increasing its capacity. Last fall the first sale of stock was made from the Louisville nursery, amounting to one thousand black locusts and one hundred catalpa seedlings. That such nursery supplies are wanted in the State is shown by the fact that, if available, at least ten thousand black locusts could have been sold and an indefinite number of other species. There is no doubt but what, as the existence and extent of the nursery is realized throughout the State, a large and continuous demand will spring up for seedlings and transplants which the State can furnish, since these seedlings will be sold at cost to individuals who desire them. The nursery will pay for itself in time and the cost of the stock will be reduced as the capacity of the nursery increases. At the present time there are considerably over six thousand transplants in the beds at the nursery at Louisville. The species which were planted in the Louisville nursery this spring

were as follows: Box elder, white ash, blue ash, apple stock, apricot, American beech, buckeye, catalpa, chestnut, Kentucky coffee tree, wild cherry, sweet cherry, American elm, glugko, sweet gum, shell bark hickory, mockernut hickory, pignut hickory, black locust, sugar maple, red maple, cucumber magnolia, white oak, red oak, black oak, bur oak, pin oak, yellow poplar, black walnut, Japanese walnut.

There were sown in the Frankfort nursery twelve seed beds 24x4 feet, with the following species: Chestnut, red oak, black walnut, pin oak, yellow poplar, shell bark hickory, sugar maple, white ash. Each spring and fall sees the capacity of the nurseries very materially increased.

The varieties which have been planted in the nurseries have been (with the exception of some species with which it was decided to experiment) confined almost entirely to native Kentucky trees of special commercial importance. Just what number of seedlings will be available this fall for distribution and sale it is impossible at this time to determine on account of the earliness of the season. The seed beds were very materially increased within the year. One feature of the nursery work at Louisville was the planting of one-half bushel of apple seed. It is eventually expected that the Louisville nursery will be able to furnish apple stock of standard variety to individuals around the State and that the orcharding which is becoming a feature of agricultural work in Kentucky will in this way be materially assisted. Also the nursery is experimenting with varieties of walnuts, chestnuts, pecans and other nut trees which produce commercial orchards.

## GATHERING TREE SEEDS

An Infant Industry in Kentucky Developed by State Nurseries.

The experience in growing trees at the State nursery has shown very clearly that in a great many cases it is not possible to get tree seeds of the native species at the time and in the condition desired. Kentucky is peculiar in that up to very recently there has been no agency or individual interested in the gathering of tree seed in its borders. The demand for the tree seeds in the State nurseries at Louisville and Frankfort has started in a small way a new industry in the gathering of tree seeds within the State. Last year a considerable portion of the seed planted was obtained from Kentucky. Several small boys had become interested in this line of work and gathered a considerable quantity of seed of certain varieties. It is expected this fall that the bulk of the seed planted in the State nurseries will be obtained within the State from native varieties. The gathering of tree seed offers an attractive field for a limited number of individuals, particularly bright boys, who are willing to take the time and trouble necessary to distinguish tree species.

## INTEREST IN SHADE TREES

State Forester Prepared to Answer Questions With Regard to Shade Trees.

With every passing year the interest of the citizens of Kentucky in the shade trees of the cities, towns and villages, along public highways and on private lands and estates has become more keen, for the reason that our people as a whole are gradually coming to an appreciation of the worth of individual trees and of tree communities from an aesthetic point of view, and are alive to their value as factors for health and comfort in the community. This is a natural development in line with an awakening public interest in parks, public playgrounds, better roads and highways and the development of attractive surroundings on the farm. In all this the trees play a very important part. Then, too, throughout the state the present shade trees, which are to a very considerable extent remnants of the original forest, are decaying, deteriorating and dying. Their owners are interested most decidedly in their preservation, if possible, and their replacement if this must be done. Again within recent years the increase of insect pests and fungus diseases due to the introduction of new species and varieties from foreign countries and the importation of European nursery stock has caused widespread comment. Insect infestations among our tree friends, a condition which has been emphasized by the lack of natural enemies to keep them in check and a notable decrease in our native birds that prey on insects, have been of frequent occurrence. In cities the paving of streets, construction of sidewalks, laying of sewers and gas and water mains, conduits for electric light, telephone and telegraph wires all have very seriously disturbed natural conditions and endangered the life of the shade trees. While it is realized that the care and protection of shade trees is not strictly within the province of forestry, yet requests for information in this direction have continually come to the office of the State Forester. The State Forester is prepared to answer inquiries for information by mail with regard to shade trees—particularly what species to plant, the injuries and diseases to which they are subject, and to offer remedies for these. The First Biennial Report of the State Forester deals with this subject of shade trees in detail and may be obtained free of charge by addressing him at Frankfort.

## EXPERIMENTAL FOREST.

Permanent Exhibit at the State Fair in Louisville.

In conjunction with the forest nursery at Louisville, there is being established an experimental forest which will also be a permanent exhibit in connection with the State Fair. It is expected in this experimental forest to show on a small scale what may be done on any farm in Kentucky in the way of raising wood material, and will be of undoubted interest to farmers and others who have already wood lots on their land or expect to plant them either for the material or for the purpose of soil fixation and regeneration. This forest will be situated on the bank of the Ohio river, and, in addition to furnishing a demonstration of what can be done in the way of practical forestry, it will also afford a wind-break for the state nursery, and will serve to hold the bank of the Ohio river in its present place.

## If You Go to Church You'll Be Rewarded In This World

GO TO CHURCH because it will help you with your employer; it will help you in your business; it will help you in your profession.

The man who GOES TO CHURCH doesn't have to wait for his reward in the next world. He gets it right here. If you are an employee you may rest assured that you will not lose any caste with your employer when he learns that you are a regular attendant at church. If you are engaged in business people will trade with you more readily if you GO TO CHURCH. They rightly figure that a merchant who GOES TO CHURCH regularly is honest. They feel that unless he is a great hypocrite the merchant who GOES TO CHURCH will deal fairly.

The doctor who is a regular attendant at church can be trusted. His patients know that, in addition to his skill as a physician, he is sober, dependable and God fearing. It is plain that a physician who is a regular churchgoer soon earns the confidence of the community. The same rule applies to the lawyer. It applies to all professional men.

IT MUST BE PERFECTLY CLEAR THEN THAT, NO MATTER WHAT YOUR STATION IN LIFE MAY BE, YOU WILL BE A READY WINNER IF YOU GO TO CHURCH. THE MATERIAL BENEFITS OF GOING TO CHURCH MUST BE APPARENT TO EVERY ONE. WHO WILL DENY THE SPIRITUAL BENEFITS? EVERYBODY CAN LAY UP LASTING TREASURES. GET THE GO TO CHURCH HABIT. IT IS THE VERY BEST HABIT THAT YOU CAN ACQUIRE.

GO TO CHURCH yourself!

Induce your friends to GO TO CHURCH!

## BIGGEST SALE EVER IN BLAINE, KY.

We Want to Re-Build with Glass Front in ur Store.

We have a fine big bill of churning for sale. Five big loads of churns. 60 five-gallon jugs; 20 gallon churns; 10 gal., 3 gal., 2 gal. and one gallon churns. We sell for 10c gallon. 5 doz. eggs pay for 10 gal. churn. 16 lbs. young chickens pay for 20 gallon churn. 10 doz. eggs pay for 20 gal. churn. With every jug, every 20 gal., 10 gal., 3 gal. or 2 gallon churn we give free can 15 oz. Snow King Baking Powder. We sell 4 cans Snow King for 25c, if paid in eggs. We give 2 1/2 lbs. No. 6 sugar for a doz. eggs; 4 stars lenox soap for a doz. eggs or 4 star soap; 25 lbs. salt for a dozen; 24 lb. sack family flour for 3 1/2 doz. eggs, only 42 eggs. We hammer the price down. 3 plugs Brown Mule tobacco, 25c; Red Elephant 6 plugs 25c; Yaller Tag twist, 12 for 50c.

We have bought 400 cans lard since Jan. 10, 1915. We bought over same flour. We sell any dealer two cases baking powder cheaper than he can buy elsewhere. \$3.25 cash at our big store. We bought 20-case lot. We sell any little store, Brown Mule tobacco—10 lb. box \$3.15. We got 18,000 lbs. high grade coffee on hands. Other dealers sell for 20c, our sale price, 15c; best peaberry coffee on the market.

Other dealers sell 25c, our sale price 20c. We buy the first crop, other dealers buy the second crop. They make 50 per cent and sell about 300 lbs. year. We buy of big dealers, make 10 per cent and sell 10,000 lbs. high grade coffee every year. Why don't others buy heavy like us? One reason, they haven't got the backing. "It takes money to make the mare go."

We make small per cent and turn the dollar 50 times a year. Some dealers say if Uncle Sam don't stop the parcel post it will break up every dry goods store in Blaine town. What's the use of worrying about the parcel post. They are afraid of rest and vest. We salute Uncle Sam. Send five hundred thousand more catalogs. It don't hurt the grocer and hardware trade. We are not afraid of rest and vest. Our trade has increased 50 per cent every year.

We made \$4,000,000 clear in last two years. We can show the other dealers how to make money drive the bees out and in other gums, for enough money. Seems like we are in the way of many dealers. They say we buy too big bills, they say we haul too bigger loads, they say the people trade too much with us, they say we got everything going our way, they say we make too much money. They say we help our country 10,000 every year. They say they can't do without us. The people go 15 miles to buy our coffee. They say we put everybody out on the farms.

This sale begins Sept. 4, 1915 and lasts thirty days. 1800 lbs. tobacco for sale, 14c lb. Big stock flour, high patent. We sell 15 or 20 cheaper than any dealer. Buy your coffee and flour while

the price is down. When they ship out of the U. S. up it goes. We pay cash for eggs. We are the biggest dealers in groceries. We are the biggest depositors at the Bank of Blaine, Ky.

It takes a ten mule team to haul our loads every week from Webbville and Louisville, Ky. We want to buy a 40-horse power auto truck to haul freight in the spring. We got the money to pay for one and business goes right on. We are not afraid of rest and vest. We have got the money, the energy, the nerve, we move around the world.

Come one, come all. We sell strict for cash and produce. The only way to stay in business.

## LETCHER COUNTY AND WHITESBURG.

## What is Happening in this Rich Coal Territory of Kentucky.

WHITESBURG, KY., Aug. 31.—The Letcher Circuit Court continues in session here and will, perhaps, complete the business this week. Judge Roberson is trying out as many cases as is in his power. The damage suit of Hiram Hogg against his uncle, Geo. Hogg, of Roxana for alleged injuries received in a saw mill accident at King's creek several months ago came to a close Saturday morning, resulting in a verdict for the defendant. No damages were allowed.

Saturday the case of Allie Davidson, formerly of McRoberts against ex-Judge A. B. Potter of McRoberts for a false arrest was tried out resulting in a hung jury. The case attracted much attention.

A number of other similar cases are set down for trial during the current week, while more important cases have been passed until the next term of the court. It is said Judge Roberson will call a special session for early in November in which he will make a special effort to rid the congested docket before his term of office expires.

The Letcher County Teachers' Institute convened here Monday, a most interesting and important session, with Prof. W. B. Ward of the Paintsville city schools, and editor of The Mountain Journal, an educational publication, as the instructor. Prof. Ward is the foremost educator of the mountains which is proof positive that the meeting will prove a success, the most successful in years. All the teachers in the county are present and are taking much interest in the work. At the present session efforts will be made, it is said, to organize a number of "Moonlight Schools" in Letcher county. Educational advancement is forging ahead throughout the mountains.

Another unfortunate death took place on Lower Rockhouse in this county a few days ago according to telephone advice received here Thursday afternoon. Forester Adams aged 13, popular young son of Elijah Adams, a farmer is dead as a result of being struck by a ball thrown by Joseph Banks a son of Jonah Banks, Adams' schoolmate. The Adams boy was sitting on a rock watching an old-fashioned game when the fatal accident occurred. He was struck near the left ear, dying almost instantly. The parents are grief stricken.

Engineers, said to be locating a branch line of the Lexington & Eastern, are at work on Colly creek immediately above this city, and indications point to the early construction of the branch road. The branch, from a coal and timber standpoint, would be a very important one. It would mean the opening for development one of the richest undeveloped coal fields in the county where both The Mineral Fuel Co. and The Consolidation Coal Co. own large areas of fine properties, while other companies own small areas.

Since the engineers have been locating the road property values have made a big increase along the Colly creek valley.

County Superintendent George W. Jenkins has been a very busy man of late having been out in the county organizing the different district, or division chairmen, who will act as a County Board for the coming twelve months. Supt. Jenkins is making it a point to see that the very best men are elected to fill the positions.

Judge L. E. Harvey of Jenkins and U. S. Commissioner Samuel Collins of this city will leave tomorrow for the Panama-Pacific Exposition at San Francisco where they will see the sights for a month or more. They will go via Pike's Peak and Colorado City, and will return by a southern route. While away they will visit portions of Alaska and the Alutian Islands. Both will enjoy themselves to their hearts content while away.

The democrats of Letcher county met in mass convention here Saturday afternoon at 1 o'clock on orders of County Chairman, B. E. Caudill. The meeting was called to order by Chairman Caudill, after which resolutions were prepared endorsing both the State and National Administrations. Chairman B. E. Caudill, John A. Webb, Dr. J. D. Fitzpatrick, W. K. Brown, J. L. Hartt, George Hogg and H. M. Collier were named as delegates to the State Convention at Louisville.

A party of officials of The Mineral Development Co. including H. M. Collier, Eolia, Ky., J. L. McCormick, G. D. Jenkins, Malcolm Smith, of Big Stone Gap, Va., and others have just made a tour of the companies extensive holdings of coal and timber lands along Colly Creek immediately above this city through which territory the Lexington & Eastern are said to be locating a branch line of road.

The visit of inspection of the party perhaps indicates that the coal properties are in process of development.

Henry C. Jackson manager of The Coeburn Lumber Co. of Mayking this county, has it is reported, purchased the William E. Brown coal and timber land tract near Dongola below here at a price said to approximate \$10,000 in cash. It is likely that Mr. Jackson will remove his Mayking mill onto the property and begin the manufacture of the timber, consisting of nearly all the hardwoods known in Eastern Kentucky. A large percent of the timber is in its virgin state.

Lumbermen generally throughout this section report that there has been quite an improvement in the lumber business in the country. At this time there is little cause to complain. The market conditions are much better. Mills are operating most all the time, and little trouble is experienced in getting a market for all the product. Walnut has become very active of late, there being a good demand for it now.

The recent grand jury returned a

goodly number of indictments for the illegal whiskey traffic. The record shows that "Mother Hunk" and other such prefixes to names received indictments. According to officials "Mother Hunk" operated in Jenkins, she being a Hungarian woman, having caused the Jenkins officials much trouble.

Judge L. D. Lewis presiding in the Perry Circuit Court at Hazard ordered the grand jury closed after sitting for three weeks. He at once summoned and empaneled another jury and according to instructions the new body are to thoroughly probe the illegal whiskey traffic which has been going on to excess of late. As a result of the lawlessness caused a "Law and Order League" has been organized in Hazard. The old grand jury returned about 300 indictments for the illegal whiskey traffic alone, and it is expected that the new jury will return equally as many. The traffic has become general around Hazard.

Squire W. M. Blair returned from French Lick, Terre Haute, Chicago and other points in the north where he has been on an extended business and social trip.

Robert B. Franklin of the contracting firm of Franklin & Brown returned from a business trip to Louisville.

Attorney John W. Hale suffering from typhoid and whose life was almost despaired of is now said to be slightly improving at his home in East End.

Gus W. Lovell representing The Beasley Shoe Co., Lynchburg, Va., was calling on the Whitesburg merchants this week.

John A. Webb and others left for Louisville on business.

John A. Ward of Hazard, leading good citizen of the Perry county capital was a business visitor in the city this week.

The news of the death of Mrs. Cinda Combs, aged 37 at Rockhouse creek was received here. She leaves a husband and several small children.

After being guests here of Mr. and Mrs. N. M. Webb Mrs. Lettie A. Salling and children left for their return to Wayland, Va.

Mrs. De Adkins of Winchester was here from Wednesday till Saturday.

Salesman W. L. Welch of Jackson was a business visitor here yesterday.

Postmaster N. M. Webb has been seriously indisposed in his home during the past few days.

W. B. Webb made a flying trip to Jackson and other points down the L. and E.

Dr. H. C. Winnes of Jenkins spent two days in the city this week.

B. F. Adams and others returned from Lothair, Perry county where they were called on business.

## PRESTONSBURG.

## ECHOES FROM FORT GAY.

### FORT GAY HAPPENINGS ALWAYS INTEREST OUR READERS.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this well known and respected Fort Gay resident leaves no room for doubt on this point.

Dr. R. Frasier, Fort Gay, W. Va., says: "The residents of this vicinity suffer considerably from kidney and bladder complaint, due to the poor quality of drinking water. I have found Doan's Kidney Pills to be the one medicine that can be depended upon for relief. It has been my experience that all ailments caused by weak kidneys, such as irregular passages of the kidneys, lumbago, pains in the back and hips, etc., can be removed by Doan's Kidney Pills. A few doses of this medicine taken immediately when the trouble is noticed, will save much misery."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Frasier had. Foster-Milburn Co., Props., Buffalo, N. Y.

### THE HOME CIRCLE AND ITS INTERESTS

Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

#### Go To Church.

Go to church. It will make your wife feel so happy.

It pleases a man when his wife goes to church. It makes him feel good to see his wife go to church. It surely will make his wife feel better still to see him go to church. Next to your old mother, who perhaps is dead and gone, the best friend you have ever had is that brave little wife of yours. Remember the time you went wrong. If ever you needed a friend it was then. How quick she was to forgive. When through your blunder your money took wings she fixed up her old hat and trimmed her dress once more. Tears started to her eyes when neighbors glanced significantly.

When you were sick she cooked little dainties, sat and read to you, quoted bits of scripture and stroked your hot temples. Tonight, while you are asleep, she will be up with the children. Got out those old love letters and read the spirit of them. Fragrant as lavender. Tomorrow morning, when the stoves goes wrong and a harassed face glances across the table to be a lover once more. Praise the breakfast. Kiss her goodbye at the door. See her smile through the tears. She'll sing all day long. Perhaps a year from now you would give all you have in the world to take hold of her hand, tell her you love her and call her your old sweetheart. But, too late! She's gone forever.

Make your wife happy by going to church next Sunday. Go to church with her if possible, but go to church if you have to go to church alone. It is in the house of God that you'll find consolation. It is there that you'll be instilled with courage to fight the battle of life. Make your wife feel happy. Be happy yourself. Go to church.

It is a great pity that a girl should ever think of marriage as a refuge, a means of support or as the main object of life. Such an attitude is bound to weaken character. A girl's ideal should not be marriage, but womanhood, as a man's ideal should not be marriage, but manhood. We do not talk of educating our boys to be husbands and fathers; we train them to be brave, true, pure and gentlemen, honest and active, and industrious, knowing that such a man cannot fail to make a good husband and father. So it is with the girls. Train them to be earnest and independent, teach them to be self-supporting, make them accurate and responsible in money matters, as delicate and refined in their financial sense as they are in their modesty; in other words, train them to be womanly women, and thereby the recent flood in St. Louis.

will make the best wives and mothers the world has ever known.

Give the young and struggling a word of encouragement now and then. You would not leave those plants in your window boxes without water nor refuse to open the shutters that the sunlight may fall upon them, but you would leave some human flower to suffer from want of appreciation or the sunlight of encouragement.

While human nature remains what it is, a word of appreciation will never be lost on old or young and is one of the best paying investments which can be made. Some say, "I don't care whether they like it or not," but that is all nonsense for man, woman or child; we every one of us feel our heart grow warm under merited praise, and if we get a little more of it than we deserve, which rarely happens in this world we try to deserve more next time.

#### Nobody Knows But Mother.

How many buttons are missing today? How many playthings are strewn in her way?

Nobody knows but mother.

How many thimbles and spoons has she missed?

How many burns on each little fist? How many bumps to be cuddled and kissed?

Nobody knows but mother.

How many stockings to darn, do you know?

How many muddy shoes all in a row? Nobody knows but mother.

How many little torn aprons to mend? How many hours of toil must she spend?

What is the time when her day's work shall end?

Nobody knows but mother.

How many cares does a mother-heart know?

How many joys from her mother-love flow?

Nobody knows but mother.

How many prayers by each little white bed?

How many tears for her babe has she shed?

How many kisses for each curly head? Nobody knows but mother.

Preach little, scold less, practice more.

Oh, make your home bright! Bring in the violin or the picture. It does not require a great salary or a big house, or chased silver or gorgeous upholstery to make a happy home. All that is wanted is a father's heart, a mother's heart, in sympathy with young folks.

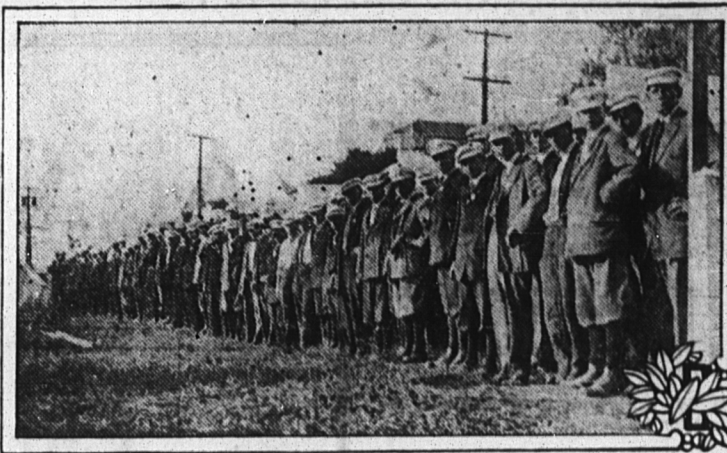

#### AN ANCIENT TERRAPIN.

Ben P. Webb, of Sergeant, this county, was in town Monday and while here made the Eagle office a very pleasant call. Mr. Webb told us that he put his name and date, 1877, on the hull of a terrapin, then in his field; that he saw it this summer. That was thirty-eight years ago. This gentleman of the dirt is evidently around fifty years of age.—Whitesburg Mountain Eagle.

1025 families were rendered homeless by the recent flood in St. Louis.

## FARMER BOYS' ENCAMPMENT

Proud Sons of a Proud State to Occupy Tented City on Kentucky State Fair Grounds

FARM BOYS IN CAMP.

THE Farm Boys' Encampment, one of the most important as well as picturesque features of the Kentucky State Fair, annually brings to this agricultural and live stock celebration a juvenile representative from the 120 counties of the state.

To the boy standing sponsor for his home section the trip is an epoch and the honor much coveted and striven for. Heretofore the eligible boys were selected from farm boys between the ages of fifteen and eighteen years and through written competitive examinations submitted to a committee composed of a member of the State Board of Agriculture and of the faculty of the Agricultural College.

This year a new ruling requires that the boy competing for the trip and consequent honors and pleasures must be a member of either the Boys' Corn Club or the Boys' Pig Club of his county and must each grow one acre of corn or raise one pig as a minimum effort and must keep a daily record of the cost and other data. Boys eligible to this contest must be between the ages of ten and eighteen years, and no boy having attended an encampment in prior years will be considered. No county will be permitted to enter this contest with less than fifteen members.

bers, and where the question of substitution arises the board will consider first the pig club boys in the counties that have corn clubs organized. Where there are no corn clubs or pig clubs organized the board reserves the right to appoint substitutes from other counties.

B. G. Nelson of Hopkinsville, Ky., is state agent for the Boys' Corn Clubs, and Otis Kercher of Lexington, Ky., is state agent for the Boys' Pig Clubs, and boys desiring to enter either or both of these clubs should immediately notify the respective agents at the above addresses, and upon receipt of their names all necessary instructions and rulings will be forwarded them.

The purpose of the Farm Boys' Encampment at the State Fair is to extend the educational advantages of the Fair through the farming districts of the entire state, and the results growing from the three former encampments have been highly encouraging. During the week of their stay here the boys are guests of the Fair and in their "tented city" on the grounds are provided with every comfort as well as entertained by the wonders of the celebration. The judging contests to which they are eligible are of incalculable educational advantage, and the delegates are also taken on sightseeing excursions to the manufacturing and show places of the city of Louisville.

## THE WOMAN'S SHOP

Unique Market For Feminine Wares at the Kentucky State Fair, Sept. 13-18

ALTHOUGH the feminist movement is daily and more and more universally demonstrating the fact that women are qualified to engage in any pursuit, calling or occupation heretofore individual to man, it is not to be inferred that the arts, handicrafts and handiworks heretofore associated solely with the gentler sex are to be neglected. Rather are they to be fostered in accordance with the views of representative women of the state, and in furtherance of this design a Woman's Shop has been instituted as a feature of the plans for the Kentucky State Fair, to be held in Louisville Sept. 13-18.

This shop will be located in the Woman's building on the fair grounds, but will not be auxiliary to the competitive exhibitions of the Women's Department. Rather, the shop is designed as a salesroom or "clearing house" for every variety of useful and beautiful article made by woman-kind, and such products as embroideries, bedspreads, rugs, table covers, pottery, jewelry, lamp shades, household or garden furniture, baskets, draperies, etc., may be entered free of charge in this shop and ticketed at the owner's valuation for a possible sale which will be without any commission charge to Fair management or members in charge.

Articles entered for sale in the Woman's Shop are not eligible for competition in the catalogued classes. Articles must be sent at the owner's risk and will be carefully cared for and returned if unsold at the close of Fair week.

The idea of the Woman's Shop is new and individual to the Kentucky State Fair. It was conceived by Commissioner of Agriculture John W. Newman and enthusiastically indorsed by the committee in charge, of which Mrs. S. Thurston Ballard is chairman and the following ladies are members: Mrs. J. A. Mitchell, Bowling Green; Mrs. Starling L. Marshall, Henderson; Miss Edna Dolfinger, Louisville; Mrs. Barbour Miangerode, Louisville; Mrs. Avery Robinson, Louisville; Mrs. Leonard A. Hewett, Louisville; Mrs. Peter Lee Atherton, Louisville; Mrs. Richard Knott, Louisville; Mrs. Richard Ernst, Covington; Mrs. R. P. Halleck, Louisville; Mrs. W. L. Mills, Owensboro; Mrs. George A. Armstrong, Shelbyville; Mrs. Anna Eernberg, Berea; Mrs. Helm Bruce, Louisville; Miss Amanda Rhodes, Danville; Mrs. Harry Bishop, Louisville; Mrs. Alfred Brandels, Louisville; Mrs. Mary F. Hutchcraft, Paris; Mrs. R. C. Ford, Middlesboro; Mrs. Sam Boyle, Louisville; Mrs. Paul Creel, Louisville; and Mrs. T. J. Smith, Frankfort.

Mrs. Thomas Jefferson Smith of Frankfort is the chairman of a promotion committee which will have representatives in every city and rural district in the state. An especial effort will be made to enlist the interest of the basket weavers and needleworkers of the mountains. Only residents of Kentucky are eligible for entry.

For entry blanks and further information address communications to Woman's Shop, State Fair offices, Paul Jones building, Louisville, Ky.

## Star "Sidewheelers" to Strive For World's Records at Kentucky State Fair

THE finest track and fastest performers in the country will make of the trotting and pacing events for the thirteenth annual Kentucky State Fair, Sept. 13-18, the greatest exhibitions of the kind in fair history. The entries for the track program closed June 1, with 140 contestants listed. This number breaks all former records and assures Fair visitors one of the most elaborate as well as high class showings of "sidewheelers" in history.

The entire list is made up of the creme de la creme of trotting and pacing horses, and among the "cracks" who will compete for honors and try for world's records will be Hugh Miller, the sensational three-year-old who broke all records last year at the Kentucky State Fair by trotting a half mile in 2:11. Ham Patterson will also be "among those present." He won the \$1,000 trotting stake last year in 2:14. Another star will be Optella,

the great trotting mare who has already made 2:08½ during the early part of this season. Joe H. has "won his spurs" on the fastest half mile tracks in Ohio and Michigan, and Bonnie Boy likewise has proved his class on the grand circuit.

The track events will include two colt tryouts for two and three year old trotters with a purse of \$500 each. These features are rendered doubly interesting from the fact that there is always a possibility of developing another world's wonder like Ettawah, who made his first appearance as a two-year-old on the Kentucky State Fair track and who has since proved to be the fastest trotter in existence today.

The rules of the National Trotting Association govern the Kentucky State Fair track events. R. J. Basset of Leitchfield is the member in charge of the Speed Department, and C. R. Van Meter of Lebanon is the Superintendent.

### KILLED BY DYNAMITE.

Portsmouth, O., Aug. 23.—The explosion of dynamite in a shack on the C. & O. Northern at midnight, Saturday night resulted in the death of three persons and the serious injury of several others, who are now in the C. & O. Hospital and five others, who are slightly wounded. The trouble was supposed to have been caused by Kid Carson, who came to Portsmouth some months ago and took up with a woman who is known as Alice Johnson. She later took up with a man called William Ross, and it was over this woman that the trouble arose. Carson is supposed to have placed the dynamite under the hut.

About fifteen negroes were singing and dancing at the time the building was blown to pieces with the result mentioned above. Carson is now in jail, charged with the crime, while the Johnson woman is also held as an accomplice.

### FREE MAIL DELIVERY FOR PIKEVILLE.

The matter of establishing a free mail delivery service at Pikeville has again been brought before the Post Office Department at Washington, with what now appears to be a most satisfactory result. The Department is interested in establishing an "experimental delivery service" at Pikeville, and steps have already been taken for the immediate inauguration of a carrier service. Following is part of a letter on the subject addressed by the Department to E. E. Tivette, postmaster at Pikeville:

"Before orders authorizing this service can be issued, it will be necessary that all the requirements of the Department as to civic improvements and the erection of mail receptacles can be met. On receipt of a certificate from you to the effect that in the district to be supplied by delivery there have been provided sidewalks, crosswalks, house numbers, street signs and street lights, and that all families proposing to patronize the service have erected proper mail receptacles at their gates or at their house fronts, or have provided mail slots in their front doors, instructions will be furnished you as to the inauguration of the service."

The city is now able to comply with all except the last requirement, regarding the boxes to receive the mail at the front door, and the local authorities are making speedy preparations to meet that, also, which will insure the early inauguration of the service at Pikeville.

### DEMOCRATIC CONVENTION.

A large number of the Democratic voters of Pike-co. met in mass convention in the Circuit Court room at the courthouse at Pikeville last Saturday afternoon. Attorney J. R. Johnson presided and opened the Convention with a ringing speech on the subject of National, State, and local issues. Unity of thought and purpose seemed to pervade the Convention and its work. One of the first steps was to heartily endorse the present National and State administrations, and also to endorse the nomination on the Democratic ticket of Hon. David Hayes of Whitesburg for Circuit Judge.

About forty delegates were selected to attend the State Convention which was held at Louisville Tuesday. Following are some of the men chosen to represent Pike-co.:

Chairman J. R. Johnson, A. L. Ratcliff, F. T. Hatcher, W. B. Pinson, Jas. Renfro, R. T. Huffman, A. J. Potter, Patton Bartley, Joel Ratcliff, T. I. Reynolds, Amos Runyon, T. J. Trent, and others.

These delegates went to Louisville unaccompanied, except to vote under the unit rule and to carry the same spirit of harmony into the Convention at Louisville that pervaded the County Convention at Pikeville.

### TEMPORARILY ESCAPED FROM PRISON.

Ballard Hall and Joe Daniels, held in the Pikeville jail on minor charges, and who had been given trusty privileges by Jailor Emory Thornbury to spend the daytime on the outside of the prison, disregarded the Jailor's confidence and made a temporary escape last Thursday, late in the afternoon.

When lock-up time came the young men were missing from the neighborhood of the jail, and a party was quickly formed to search for them. They were recaptured on Chloe creek about nine o'clock at night. They were brought to town and given their belated supper, which had grown cold during their wait, and locked up again. No more trust under the honor system for Joe and Ballard this trip.

### PAINTSVILLE YOUNG LADIES VISIT PIKEVILLE.

The Misses Cora and Carrie Blair, daughters of the Circuit Clerk at Paintsville, were the guests for several days last week of Miss June Corbin at her home on College-st. Miss Donyson Price, also of Paintsville, has been the guest of Dr. and Mrs. J. D. Meade at their home on Second-st. during the past two weeks. All three young ladies are well and popularly known at Pikeville. The Misses Blair returned to their home at Paintsville last Friday.

### DO YOU FAVOR GOOD ROADS?

County Judge Stallard has had a short stretch of real "good roads" laid just across the river from lower Main street reaching from the bridge to the mouth of Ferguson creek. One of the objects of this specimen is to demonstrate to the people of Pike-co. the utility of such roads all over the county, and what their value would be to the farmer who is dependent for his prosperity on traveling conditions between him and market, and the value also, to the towns-people, who in their turn are dependent upon the farmer. This road is roughly laid of concrete. If it could be extended on across the county to the West Va. line, while not costing a great deal, would be a means of direct profit to every farmer living within miles of it and would be of incalculable civic benefit to the entire county. Judge Stallard favors good roads, and so does every other official of the county. It now only requires the co-operation of the citizens, and good roads in our county will be a reality.

The editor of this department would like to hear from Pike-co. people on the subject of better roads. If you have an idea that would aid the county in establishing a better road system, let us have it in not more than two hundred words; and if you have a reason for being opposed to good roads, let us have that, too; and we will publish all those that are stated in reasonable terms. Address your letter to Editor Pike-co. Dept., Lock Box 284, Pikeville.

### UNLUCKY NIMRODS.

Bill Poesum Ramsay deposes and says that two famous nimrods, John A. Dills and Sam Herford laid aside cares of business for a 3-days hunt for squirrels, leaving Pikeville last Sunday and returning Tuesday. Says further that they never bagged a squirrel

or any other game, and only shot off the tail of one squirrel, which disappeared, like all the rest, as soon as it was disturbed by the hunter bold. Says further that much ammunition was lost on the 3-days campaign through the woods of Brushy, Big creek, Bevins' Branch, head of Johns creek and much other territory, and that the hunters returned to Pikeville hungry and empty-handed. Says further that each of the hunters now accuses the other for their ill success, and that Mr. Herford says Mr. Dills is very much like a cow in the woods with a bell on. Having laughed very heartily over the whole experience, causing many others to do likewise, Mr. Ramsay further sayeth not.

### MARRIED AT SHELBIANA.

Miss Mellie Kinney, the 16-year old daughter of Matt and Rutha Kinney, was united in marriage to Mr. Pat Woodward, 35, at the home of the bride's parents at Shelbyana Thursday. The bride is popular there, and the groom is a miner whose former home was in Harlan-co. They will live at Shelbyana, at least for a while yet.

### CORBET PHILLIPS ENTERS WESTERN UNIVERSITY.

Mr. Corbet Phillips, one of Pike county's bright young men who has a decided gift of learning, will leave Pikeville either tomorrow or Sunday to enter the Colorado State University at Boulder, Colo., for a five years course in preparation for the American diplomatic and consular service, after which he expects to be assigned to a foreign consular post. But before he takes up his college work it is his present intention to spend a few days in California, returning to Boulder September 20.

Mr. Phillips has stood high in educational matters here, and will no doubt do equally as well in the pursuit of his new avocation.

### CRITICALLY ILL WITH BLOOD POISON.

Mrs. J. T. Gevedon is a victim of a very severe case of blood poisoning at her home on Scott-av. The poisoning has taken effect principally on the arm, which has been lanced several times. The poison has spread to the extent of making recovery long-delayed and painful.

### BASEBALL TEAM GOING TO DANTE.

The Crocodiles of Pikeville will take the train out of this city for Dante, Va., tomorrow morning to engage the team of that place in a match game Monday. The Virginia boys have quite a reputation for athletics, and a close result is expected.

### REBEKAHS TO GIVE BOX SUPPER.

The Pikeville order of Rebekahs will give a Box Supper at the courthouse Saturday evening to the general public, to which everyone is invited. A cake contest will also be given in connection with it, and the entire proceeds will be devoted to the purchasing of a memorial window for the new I. O. O. F. Temple which is now being erected on Second-st. An evening of pleasure and enjoyment will greet all those who attend.

### TAYLOR-COLEMAN CONTEST CASE SETTLED.

The contest proceeding instituted by W. B. Taylor against D. E. Coleman to ascertain who was really nominated for Circuit Clerk of Pike-co. went to trial before special Judge C. C. Marshall of Shelbyville last Monday morning. After an investigation revealing a wide extent of corruption in the August primary the case was suspended Wednesday leaving Taylor in possession of the nomination.

From the returns after the primary the election commissioners at Pikeville awarded the certificate of nomination to Coleman, it appearing that he had won the nomination by a majority of about 110 votes. Mr. Taylor filed contest proceedings alleging fraud and general election irregularities, and on these issues the case went to trial. Long lists of witnesses were subpoenaed on both sides, and ballot boxes from a number of precincts were brought into court for examination and recount. In most of these precincts it was found that the count of ballots by the election officers as indicated by the tally sheets were widely at variance with the count correctly made by the court and attorneys for both sides. The recount materially added to the number of votes received by Taylor. In some precincts it was found that pencil marks had been made on the ballots, presumably for the guidance of the voter.

### Old Newspapers Replace Ballots.

On examining the ballot box from Coeburn fork precinct it was found that no ballots had been returned, as the law requires, but that old newspapers had been stuffed into the envelope provided for the ballots, and no single ballot was found in the box. The seal on the envelope had been broken, giving the appearance of having been tampered with. In Lower Elk-horn precinct 78 ballots had been taken from the ballot box for which no stubs had been made, and the work of the election officers was found to have been correct in only a very few precincts.

### Marrowbone For Coleman.

The polling of votes in Marrowbone precinct No. 3 was found to have been correct and regular as the law requires. Out of 170 Republican votes cast, only one ballot was found to have been cast for Mr. Taylor. Coleman carried all the rest. In North Pikeville precinct No. 16 several persons did not vote for either of the candidates, and some ballots cast in the race were found to have been pencil-marked for Taylor. In Long Fork precinct the court found that error had been made in the count, which gave Coleman ten votes cast for Taylor.

All these questioned ballots, tally sheets, etc., were made part of the trial record for purposes of appeal; but on Wednesday the case was halted on motion pending settlement, and Mr. Coleman decided to give up the fight,

thus leaving Taylor in undisputed possession of the nomination.

### PIKEVILLE COLLEGE ANNOUNCES NEW FACULTY.

President J. F. Record of Pikeville College has announced the following as the members of the faculty of the College for the ensuing year.

Mr. E. H. Westland, graduate of Purdue University, La Fayette, Ind., teacher of Mathematics and Science. Miss Alice H. Record, daughter of the President and graduate of the Western College for Women of Oxford, Ohio, teacher of Latin and Modern Languages.

Miss Alice L. Johnston, graduate of Park College, Parkville, Mo., with Master's Degree from University of Chicago, teacher of upper grade work and English.

Mrs. T. S. Hudson of Philadelphia, graduate of Pennsylvania State Normal School, teacher of 4th and 5th grades.

Mrs. T. J. Kendrick, who was with the College last year, will again teach the primary department this year. Miss Emma Tackaberry will again have charge of the music department, and Prof. T. M. Riddle will open the normal department as usual at the first of January, and a commercial course may be added, also, at the same time.

Rev. Mr. Dugger, who was pastor of the Presbyterian church last year, and who had such splendid success with the Boy Scouts, will have charge of the Boy's Dormitory, and will also do some teaching.

Mrs. Brooks, who formerly had charge of the Club House at Jenkins, will have charge of the girls' dormitory, the Derriana, as Matron.

### HYLTON GETS PIKE COUNTY TERRITORY.

Mr. and Mrs. J. Ed. Hylton, who have been located at Barboursville, Ky., for some time, where they moved from Pikeville last year, will again move to Bluefield, West Va. Mr. Hylton, who has been with Arbuckle Bros. as salesman since leaving Pikeville, has been assigned to the territory of the N. & W. also the C. & O. coal fields, including "the good old county of Pike," as he terms it, and he will open up headquarters at Bluefield as a center of distribution. This means that Mr. Hylton and family will have frequent opportunity to visit friends here again, and they are welcome.

### PREACHES FUNERAL ON ROBINSON CREEK.

Rev. M. C. Reynolds went to Robinson creek last Sunday, where he preached the funeral sermon over the remains of the aged Francis Marion Little. Mr. Little was the father of our townsman C. C. Little, and was quite well known. He leaves many friends to mourn his death.

### LOCAL AND PERSONAL.

Mr. and Mrs. G. M. D. Bevins of College-st. left last Friday for a lengthy visit to their farm on Big creek, this county. They have on the farm a large orchard of many acres containing hundreds of bearing fruit trees and to these Mr. Bevins will give most of his time while on the farm.

A large party of Pikeville young folks attended a Box Supper given by the young folks of Coal Run at the Academy last Friday evening. Rainy weather was all that stood in the way of a "perfectly lovely time."

Howard Gray returned last week from a visit of several days at Paintsville to friends and relatives.

Mrs. Lon Wellman and niece, Miss Nancy Polley, left last Friday for Louisa to spend a few days with Mr. Wellman's parents. Mr. Wellman joined them Sunday, and all returned to Pikeville Sunday night.

Mr. and Mrs. J. F. Prindle and son John of Paintsville arrived here last Thursday evening to spend a few days as the guests of friends. The Prindles were formerly residents of Pikeville.

Attorney W. H. Flanery of Catlettsburg was here during the latter part of last week looking after real estate interests.

W. G. Flue of the Elkhorn Fuel Co., at Wayland, Floyd-co., arrived here for a business visit last Thursday. H. H. Wesley, business man of Ashland, was here last Saturday stopping at Hotel Jefferson.

The people of Pikeville and Pike-co. are getting a strong hint as to what good roads will mean to the county-at-large from the specimen now being built of concrete just across the river from lower Main-st. and stretching from the bridge to the mouth of Ferguson creek. The good resulting from such a road extended from Ferguson creek all the way across Pike-co. to the West Virginia line would be incalculable, and would not cost a great deal. Why not build it?

Mr. and Mrs. John W. Langley are now at home at Pikeville after having spent several weeks in Washington and North Carolina.

Judge J. F. Butler spent several days of this and last week looking after legal interests on Peter creek, this county. He returned Tuesday.

Miss May Elliott returned Tuesday evening from a visit of several days to relatives at Cliff, Floyd-co.

E. J. Evans of Paintsville was here Tuesday stopping at the Hotel Jefferson.

Rev. W. L. Gevedon of Morgan-co. stopped at Pikeville for several days this week on his way to Richmond, Va., where he will preach to Baptist

### NOBODY'S DARLING.

### AUXIER.

The Yellow Jackets of Theaika and Auxier played ball Saturday last, neither side winning. They played 13 innings and quit to catch the train. The batteries for Auxier were Hobson, pitcher, Roberts catcher. For the Yellow Jackets were Castle, pitcher and Wheatley, of Paintsville, catcher. Auxier's two teams, first and second teams played a double header last Sunday. Both teams lost. Score for second team was 6 to 1 in favor of the Van Lear first team's score was 5 to 2 in Van Lear's favor.

It's a mistake that the NEWS printed last week about Louisa beating Auxier 3 to 0. The first game was 7 to 4 for Auxier and 2 1-2 innings played. On second game the game was called off on account of rain. The score was when the game was called 2 to 0 in favor of Louisa, this is the game they got 2 to 0 on.

The Auxier Male Quartet and the Buffalo choir contested for best honors last Saturday evening. It was undecided who was to take the banner, although the quartet had the biggest part of the crowd cheering them. The trouble was they could not select the third judge. They are going to try it again if Buffalo will sing.
